SECOND INTERIM STATUS REPORT

The United States of America and the defendant, through counsel, hereby submit this interim status report. An Interim Status Conference is currently scheduled for January 4, 2024, at 12:30 p.m.

Since the last report the government has located additional victim/witnesses and produced additional reports of interview to the defendant.

The defense continues to review the discovery produced in this matter. The defendant seeks additional time to determine whether it will be necessary to file a request for additional materials or to file dispositive motions. As a result, the defendant seeks an additional 45 days to undertake this work.

The parties agree that the time period between January 4, 2024, and the next status conference should be excluded because the parties have been and are using the period of the continuance to complete production and review of discovery, and discuss a potential resolution of this matter. Therefore, the parties request that this Court find that the ends of justice served by excluding the period of this continuance outweighs the best interest of the public and the defendant in a speedy trial, pursuant to 18 U.S.C. § 3161(h)(7)(A).

The parties request that a status conference date be established approximately 45 days in

the future, and propose a time convenient for the Court on or about February 19, 2024. The government requests that this next status conference be scheduled as a final status conference while the defendant requests that this next status conference be an interim status conference.

Respectfully submitted,

KEMAL MRNDZIC,
